December 6, 1962

NSC Executive Committee Record of Action, December 6, 1962, 11:00 AM Meeting No. 33

1. Director McCone summarized the latest intelligence reports, calling attention to the apparent buildup of the Soviet communication system in Cuba. All IL28 bombers have been located at port or on ships leaving Cuba. T.H.  
G/f.
2. The New York team reported on the current status of negotiations with the Russians, recommending revisions in our draft declaration on Cuba and a procedure aimed at concluding the negotiations promptly. IC  
AKH
3. Following a discussion of all aspects of our negotiating position, the President approved revised instructions to the New York team for their guidance during the next few days.
